

Scott Perkins, GISP

Education

AAS – Photogrammetry, Ferris State University, 1982
BS – Business Management, Baker University SPGS, 2000

Licenses/Certifications/Registrations

Certified GIS Professional GISP 2004, renewed in 2009. # 16754

Years of Experience: 31

Chair, SBA Regulatory Fairness Board, Region VII 2007-10, Chair, ASPRS Presidential Citation for Service, 2006

Scott is a contract administrator as well as a consultant for many of our federal clients. He has over 30 years experience in the industry. He has been a long-time member of MAPPS where he recently completed an eight year term on the national board of directors, and has been the recipient of the MAPPS Presidential Award for Service. Scott currently holds the position of secretary and treasurer of the ASPRS Central Region, and has earned an ASPRS Presidential Citation for Service to the organization.

Scott holds the following Federal Appointments and Professional Recognitions: NOAA Hydrographic Services Review Panel 2011-14, Vice-Chair, SBA Regulatory Fairness Board, Region VII 2007-10, Chair, ASPRS Presidential Citation for Service, 2006

Project Experience

- **East Low Canal, Warden, WA, US Bureau of Reclamation:** Scott served as the contract coordinator responsible for submission of cost and technical proposals. Project required acquisition of color aerial photography at 1"=416' photo scale for 24 flight lines totaling 202 exposures. A very limited flight window of 5 days was allowed to acquire imagery during low (no) water in the canal. Project required close coordination with BOR surveyors placing aerial targets, final targets were placed on the day of the photo mission.
- **NOAA Shoreline Mapping, Alaska:** Scott served as the contract coordinator and chief negotiator, responsible for submission of cost and overhead for prime and subs, preparing and executing subcontractor agreements for all subs, and facilitating audit reviews.
- **Geospatial Products and Services Contract, (GPSCII), US Geological Survey:** Account Manager, Scott took over responsibility as Account Manager for the GSPC-2 contract in December of 2012. Since then, Scott has been the key point of contact for USGS on all task order requests, cost proposals & negotiations resulting in eight (8) task order awards totaling more than \$ 2,300,000 thus far in 2013. Task orders include digital imagery acquisition, LIDAR data acquisition, topographic mapping, planimetric mapping and GIS services. These deliverables will support both the USGS and external state and local government customers.
- **Emergency Remote Sensing Contract to provide Aerial Imagery & LIDAR for Incident Management, Department of Homeland Security (DHS):** Account Manager. Scott is the Account Manager for the first ever DHS Emergency Response Remote Sensing contract awarded in 2013. The services will focus primarily on the acquisition of airborne imagery and LIDAR to assist response and rescue operations, damage assessment, debris removal, and providing support to affected citizens. Scott is the key point of contact for DHS on all task order requests, cost proposals & negotiations. Contract requires acquisition & delivery of ortho corrected imagery within 48 hours from task order award.
